

AFFLICTED BY DESIGN

#nameless

#nameless, the first Ep by Afflicted By Design, is available for the first time on CD on May 14, 2014. Previously, #nameless was only available as a digital download, but available now on CD due to popular demand, but only as a small run limited edition, which includes the bonus remix previously only available for download from the band's store.

#nameless features 3 original guitar-driven Industrial Metal songs — “Jesus Christ Machine,” “South Side of Sickness” and “Dreaming Mona” — with Goth and electronic influences. #nameless is rife with heavy metal riffing, hyper-overdriven sounds, declarative vocals and not-totally-organic sounds, synths and loops which draw on Afflicted By Design's Goth, industrial and heavy metal roots.

Written and arranged by S.A. Sebastian Gnolfo, #nameless was performed by Gnolfo with Michael J. Carrasquillo (isol8ed, Slick Idiot), Pete Collins (Cave Penny, Freedom) and Skunk Manhattan (Quartershackle, A Good Rogering); several of his former bandmates and friends from the New York City, NY and Austin, TX Industrial and Metal scenes.
